

Self-Managed Super Funds GET INFORMED

FACT

*In the last 5 years the number of SMSFs has grown 27%**

FACT

*In 2017, SMSFs accounted for 32% of superannuation assets**

Want to become better educated and make informed decisions for your future retirement?

The SMSF industry is growing every year. This growth is a reflection of the desire of Australians – from small business owners to retirees – to take control of their financial future.

If you're looking to explore the potential opportunities a self-managed super fund may offer join Highview experts Silvio Marinelli & Bruce Chisholm at our upcoming seminar - a great space for learning, asking questions and gathering information around Self-Managed Super Funds, and how to best manage and maximise your investments.
